

PRIVACY POLICY PURSUANT TO ARTICLE 13 OF REGULATION (EU) 2016/679 (GDPR)

Last updated: September 6 2026

1. DATA CONTROLLER

The data controller is Lorenzo Della Casa (DJ Lorek).

For any information regarding the processing of personal data, you can contact the data controller at the following email address:

officialdjlorek@gmail.com

2. TYPES OF DATA PROCESSED

The djlorek.github.io website does not require user registration.

The website may, however, direct users to external services used to contact the Data Controller or submit requests for DJ performances and events.

Depending on the service used and the information voluntarily provided by the user, the following personal data may be processed:

- name and surname;
- email address;
- telephone number;
- information regarding the event or performance requested;
- type of event or organization;
- requested date and time;
- event location;
- information regarding the available equipment and technical requirements;
- information voluntarily provided by the user in free-text fields;
- any other information voluntarily provided for the purpose of organizing the requested performance.

Technical navigation data may also be processed by the website and its hosting infrastructure, including IP address, browser information, date and time of access, and similar technical information.

3. BOOKING AND EVENT REQUEST FORMS

The website may use Google Forms to collect requests for DJ performances, events, and other professional engagements.

Information submitted through these forms may be automatically stored in Google Sheets, which is used by the Data Controller to organize, review, and manage booking requests.

The information collected through the form is provided voluntarily by the user and is used exclusively for purposes related to the requested performance or event.

The Data Controller does not request special categories of personal data as defined by Article 9 of the GDPR through the booking form.

Users are therefore invited not to provide sensitive or unnecessary personal information in free-text fields.

4. PURPOSES OF PROCESSING AND LEGAL BASIS

Personal data may be processed for the following purposes:

a) Website operation and security

Ensuring the proper functioning, maintenance, and security of the website.

Legal basis: legitimate interest of the Data Controller pursuant to Article 6(1)(f) of the GDPR.

b) Management of booking and performance requests

Processing requests submitted through the booking form, evaluating the requested performance, communicating with the requester, checking availability, and organizing the requested DJ performance or event.

Legal basis: taking steps at the request of the data subject prior to entering into a contract, pursuant to Article 6(1)(b) of the GDPR.

c) Communication with the requester

Using the contact information provided by the user to respond to questions, clarify event details, discuss technical requirements, availability, pricing, and other matters directly related to the requested service.

Legal basis: taking steps at the request of the data subject prior to entering into a contract, pursuant to Article 6(1)(b) of the GDPR.

d) Fulfilment of contractual and legal obligations

Where a booking results in a contractual relationship, personal data may be processed to fulfil contractual obligations and any applicable legal or tax obligations.

Legal basis: performance of a contract and compliance with a legal obligation, pursuant to Article 6(1)(b) and (c) of the GDPR.

5. PROCESSING METHODS

Personal data is processed using electronic and digital tools and adopting appropriate technical and organizational measures designed to protect the data against unauthorized access, alteration, loss, destruction, or disclosure.

Booking information may be stored electronically in Google Sheets and accessed by the Data Controller through the relevant Google account.

Access to the collected information is restricted to persons authorized by the Data Controller and, where necessary, to service providers involved in the organization or execution of the requested event.

6. DATA PROCESSORS AND THIRD -PARTY SERVICES

The processing of personal data may involve third-party service providers necessary for the operation of the website and booking system.

In particular, booking requests may be collected through Google Forms and stored in Google Sheets, services provided by Google LLC.

The website may also be hosted through GitHub Pages, provided by GitHub, Inc., a Microsoft company.

These providers may process personal data in accordance with their own privacy policies and contractual arrangements with the Data Controller.

Where required by applicable data protection law, appropriate contractual safeguards and mechanisms for international data transfers shall be used.

Personal data may also be disclosed to third parties when this is strictly necessary to organize or perform the requested event, for example to event organizers or technical personnel, and only to the extent necessary for that purpose.

Personal data is not sold or otherwise made publicly available.

7. DATA RETENTION

Personal data collected through booking forms is retained for the period necessary to manage the request and, where applicable, the resulting contractual relationship.

Data relating to completed bookings may be retained for the period necessary to fulfil contractual, accounting, tax, or other legal obligations.

Requests that do not result in a booking may be deleted when they are no longer reasonably necessary for the purposes for which they were collected.

Technical data is retained according to the policies and retention periods applied by the relevant hosting and service providers.

8. PROVISION OF DATA

The provision of personal data through the booking form is generally voluntary.

However, certain information may be necessary to process a booking request or contact the requester. If the user does not provide information that is necessary for these purposes, the Data Controller may be unable to process the request or provide the requested service.

Users should only provide information that is relevant and necessary for the booking or communication.

9. DATA SUBJECT RIGHTS

Pursuant to Articles 15–22 of Regulation (EU) 2016/679, the data subject may exercise the following rights, subject to the conditions and limitations established by applicable law:

- right of access to personal data;
- right to rectification of inaccurate or incomplete data;
- right to erasure of personal data;
- right to restriction of processing;
- right to data portability;
- right to object to processing based on legitimate interest;
- right to withdraw consent where processing is based on consent.

Requests may be submitted to:

officialdjlorek@gmail.com

The data subject also has the right to lodge a complaint with the competent supervisory authority, in particular the Italian Data Protection Authority (Garante per la protezione dei dati personali).

10. COOKIES AND SIMILAR TECHNOLOGIES

The website does not use profiling cookies for advertising or behavioral profiling purposes.

Any technical cookies or similar technologies that may be necessary for the operation of services used by the website are managed by the respective service providers.

External services linked or embedded on the website may have their own cookies and privacy policies.

11. CHANGES TO THIS PRIVACY POLICY

This Privacy Policy may be updated from time to time to reflect changes in the services offered, the processing of personal data, or applicable legislation.

Any updated version will be published on this page together with the relevant update date.

Users are encouraged to review this Privacy Policy periodically.
